PARENTS MAKE A DIFFERENCE

Your child needs your praise, patience and good example throughout life. You play a major role in helping your child decipher the world and develop a love for learning and life. Make a positive difference in your child's life by;

- Encouraging your child's academic achievement
- Helping your child develop social skills
- Building strong family ties
- Raising children of good character

Being a parent or guardian is a very special job. It requires that you take good care of your child and good care of yourself. No child is perfect, nor is any parent perfect, but the facts are clear...parents do make a difference in the life of a child!

PRINCIPAL'S CORNER
